

Report from the Chief Executive

For Amber Valley CVS this year started very simply as the 3 year service level agreements and contracts that were in place made setting a budget and staffing structure for the year an easy task. As an organisation used to change, we then coped with staff changes during the year, within all teams, gaining some new staff with a variety of skills to refresh our approach. As ever, a big thank you and well done to all those who contributed to our work activity during the year, we made exciting progress in a number of areas with your input.

The information provided in our annual report shows how our core work of increasing volunteers, developing local groups and improving the lives of those in our communities is achieved. You may have noticed our marketing activity has increased, providing you with improved e-bulletins and increasing information about local groups activity in the press.

The contact we have with those who are elderly or isolated through Help at Home, and now Home from Hospital, enhances our knowledge of Community needs. By adding the views gathered by the Derbyshire LINK team from members of our communities about health and social care we are confident that we can influence change and gain improvements. We have also this year worked in partnership with our neighbouring CVS to provide a health and social care forum to increase contact between groups and service providers.

By updating the Voluntary Sector Profile we can show that member groups have risen to 257 and the number of groups in Amber Valley known to us is 360. The development that local groups have undertaken is clear from our analysis, with many more constituted and achieving higher levels of turnover. While some of this work is carried out in group training sessions, we know that our personal contact with you is valued and I am very pleased with the relationships that have been built by individual staff members with groups in our locality.

As a result of working in partnership we have increased contact with sports groups and maintained strong working relationships with other CVS and Volunteer Centres which helps to affirm and improve our practices. We hope to maintain our successes next year.

Responses to a countywide survey of the service we provide was positive and I will continue to review the feedback and comments you make to us to ensure we are responsive to the needs of our member groups.

Report from the Chair Person

My second year as Chair of Amber Valley CVS has been no less a roller coaster than my first. However, having ridden the roller coaster once, the second time is perhaps a little less scary.

As ever, my position would have been impossible without the support of the Vice Chair and the other Board Members. During the year, I have been able to meet with several of our Board Members on a one-to-one basis and to undertake certain tasks with their individual assistance. This has been of value in cementing the cohesion of the Board and thereby confirming its role of the trusteeship of Amber Valley CVS.

Funding for the voluntary sector is certainly going to become increasingly difficult in our present economic climate. However, careful control of our budgetary processes and the continuing development of our Help at Home and Gardening services do much to assure our organisation's viability.

In the face of expected cuts in Government funding, our role in supporting smaller charities has never been more urgently needed. With the current financial pressure on the voluntary sector, it is vital that we obtain maximum value from every £1.00 we spend and that we assist other charities to achieve the best possible return on the funds that they allocate.

In spite of the undoubted forthcoming difficulties, I am confident that Amber Valley CVS continues to be well placed to pursue its purpose of developing and participating in a vibrant voluntary sector.

Neil Wilkinson, Chair Person
Amber Valley CVS

The Administration Team

During 2009-2010 the significant changes to the Criminal Records Bureau and the new Vetting and Barring Scheme has had a major impact on the service we offer as an umbrella organisation.

The team held regular Information Road Shows throughout the year to ensure that the groups we support were fully aware of the changes and the impact it would have on their group. 11 Roadshows were held with 58 people in attendance.

In partnership with Community Action Derby we also disseminated the new guidance information to member groups based in Derby City.

The Administration Team supports 159 member groups to obtain CRB disclosures using our service. The disclosures that are obtained are for volunteers and also paid workers within the sector.

If your group requires CRB disclosures then please contact Emma Rodgers on 01773 512076.

The Administration Team have continued to support our member groups in gaining a vast range of membership services, these include photocopying, advertising equipment and room hire.

We are also hosting rooms for weekly outreach surgeries for The Citizen's

Advice Bureau and Amber Valley Housing Home Options.

Training and Development

From April 2009 - March 2010 Amber Valley CVS delivered 29 training courses, with 201 attendees. Through our Improving Reach and Train To Gain contracts we have supported groups to gain accreditation with First Aid, Food Hygiene, BIIAB National Certificate for Personal Licence Holders, Instant Ticket Seller and Chainsaw Training. We also provided a programme for the development of the voluntary and community sector courses including Safeguarding Vulnerable Adults, Minute Taking, Committee Skills, Recruiting and Supporting Volunteers, Supervision of Volunteers, Befriending and Home from Hospital Volunteers and Health & Safety.

Food Hygiene

First Aid

Craig Harrison, a volunteer with Amber Valley CVS, is 35 and lives in Leabrooks. Craig was made redundant from his warehouse job in 2009.

In September 2009 Craig attended the Befriending Course run by Amber Valley CVS, a free course to train volunteers to befriend those that are elderly and socially isolated and in need of company.

Craig was visiting up to three clients a week in their homes and built up good relationships. Craig also helped with the Phone Buddy Service also run by Amber Valley CVS where volunteers make weekly calls to those that are elderly and socially isolated.

Craig has been volunteering with Amber Valley CVS and other organisations for a year.

Craig said "The befriending course was fantastic, it was free to do and I learnt so much. Visiting the clients was extremely rewarding, we built up some good relationships and it was great to feel appreciated".

Derbyshire LINK

Derbyshire Local Involvement Network (LINK) , co-hosted by Amber Valley CVS and NDVA, are here to find out what local people like and dislike about their health and social care services.

Derbyshire LINK is independent and through our engagement work we have collated both concerns and compliments that the Derbyshire public have raised. The graph below shows both the number of issues and compliments collated against the identified providers during the reporting period.

From March 2009 to March 2010, the number of individual registered members of Derbyshire LINK increased by 93%, to realise a total of 406. Additionally, LINK had started to encourage groups/organisations to also register resulting in a total of 156 by the end of March 2010. Combining the number of members/participants in each of these groups, along with the individual members provided LINK with a potential reach of 14,176 across the County.

Having forged excellent links with both health and social providers, we have ensured that your comments reach those professionals who can constructively use the information to help them plan and deliver better services that reflect the wishes of the Derbyshire people. In fact, some professionals have termed Derbyshire LINK a 'critical friend.'

Derbyshire County Council and Derbyshire Primary Care Trust recognise the advantages of LINK being independent and have, on several occasions, contracted the services of Derbyshire LINK to undertake certain pieces of work. For instance, Derbyshire County Council invited LINK to assist in their audit of care homes.

Volunteering

From April 2009 - March 2010 we successfully placed 162 volunteers, we again had a variety of volunteering opportunities from the voluntary organisations across Amber Valley. Four volunteers were placed to opportunities that included allotment, garden and chicken keeper. Others included hearing aid maintenance, tour guide and young leader for the Scout Movement. All these opportunities were filled.

June was National Volunteers Week. This was a special year, where we celebrated 25 years of volunteering. The Mayor of Ripley, Mr Ron Ashton, joined us with many of our volunteers to recognise the time they willingly give to help others. We celebrated with a buffet lunch and a sing-a-long with Trevor Steed and Ed Kettle, two of our local talents.

Home From Hospital

In 2009 we launched our new Home from Hospital scheme. This provides a free short term service for people aged 50 and over, who have recently returned home from a period in hospital.

Amber Valley CVS have a team of volunteers who are trained and fully supervised and have been CRB checked. (police check).

This is a flexible support service, we have been able to help people arriving home from hospital with reassurance, essential shopping, emotional support, company and advice on local social groups and activities.

The photographs opposite are some of our volunteers who successfully completed the training.

Trustees Financial Report

Achievements and Performance

We are extremely pleased at the increase in number of member groups that have seen this year which is testament to the effort that all staff at Amber Valley CVS makes to contact local groups, provide clear guidance through the use of “health checks” and offer opportunities for development through the regular training sessions we offer. We are also able to report that the level of development of groups has risen.

We have kept safeguarding of vulnerable adults and young people in the forefront of our work by remaining an umbrella organisation for the CRB and providing to local voluntary and independent organisations up to date information about expected changes to the disclosure arrangements. We also commit staff time to include basic awareness training on safeguarding issues to be included in the training plans.

We have supported local groups with funding advice and applications as a result of which over £150,000 funding for local groups was attracted into Amber Valley.

Group Development

We reflected on the development status of local voluntary and community sector groups and were extremely pleased to see a change in the level of development of Amber Valley organisations. This is reported more fully in our annual report and in a separate document, “Volunteer Sector Profile”.

Volunteering

We have continued to expand volunteering opportunities by updating information from local organisations and by providing new opportunities through Derbyshire LINK activity. Volunteers we support have access to staff meetings and other appropriate support as well as access to training. We incorporate training for volunteers and volunteer managers in our training plans.

Training

Our training plan is reviewed on a quarterly basis with the emphasis on subjects that improve the functioning of local groups or which will increase skills of volunteers. We are responsive to requests that local groups make to us about their training needs. This shows in the number of learners that we have attending training events with us.

Community Support

We continue to offer direct support to communities in our district through befriending support, SOS family support and Help and Home. The latter two support services are also offered in Erewash. This personal contact with members of our community means we are able to identify good service delivery and gaps in service. We are then able to provide this information to statutory organisations and other funders in a meaningful way.

Contribution by volunteers

We remain committed to having volunteer support in as many aspects of our work as possible. To this end we have regular support with administration tasks, including inputting to CVS and Help at Home databases. We offer volunteering opportunities within the SoS team to give support to families. We have developed a volunteer led Home from Hospital support to the community hospitals in Amber Valley. We also recognise the support of our board with issues such as human resources, finance and publicity.

Trustees Statement on Financial Information

Plans for Future Periods

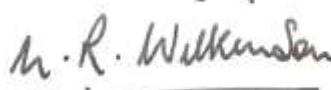

We plan to increase the focus on community development by targeting community development resources to some of our poorest, more isolated areas. The work of the Older Persons development worker to ensure there is support at home for older people discharged from hospital with up to date information about local voluntary services as well as emotional support is to continue. We will work to gain feedback from Help at Home workers, members of the public through Derbyshire LINK and where need is identified by hospital staff.

We also intend to support the expansion of credit unions, looking for opportunities to improve debt advice and debt management for families.

We will be reviewing our premises to ensure they reflect current need, including the needs of the wider voluntary sector by reviewing our office space and location.

Market Place, Ripley
Derbyshire

N Wilkinson (Chairman)

Independent Auditors statement to the Trustees

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amount and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the trustees in the preparation of the financial statements, and of whether the accounting policies are appropriate to the charitable company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all information and explanations which we considered necessary in order to provide us with sufficient evidence to give a reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements:

- Give a true and fair view of the state of the charitable company's affairs as at 31 March 2010 and of its incoming resources and application of resources, including its income and expenditure, for the year then ended;
- Have been properly prepared in accordance with the Companies Act 2006; and
- The information given in the Trustee's Annual Report is consistent with the financial statements.

A Day in the Life of “Janine Thawley” – Domestic Worker for Help at Home

Hello my name is Janine Thawley and I live in Belper. I have been working as a Domestic Worker for the past three years for the Help at Home service and I thought it would be interesting to share with you an insight into what a typical day entails for me. I have spent most of my career as a cleaner, previously as a private cleaner for a local family and then in residential homes. I get a lot of job satisfaction from the interaction I have with my clients I clean for. I was fortunate enough to help look after my Grandma as she was getting older, which was so rewarding. Sadly, she passed away. This was one of the main reasons I joined the Help at Home service, I really wanted to help those with domestic duties, who don't necessarily have the family support.

A typical busy day for me is a Monday. My first visit takes me to Blackbrook for a 9am start. My duties for this client are at her discretion but I generally clean the kitchen and bathroom. The lady I clean for has sight difficulties and therefore finds cooking difficult; she receives meals from Wiltshire Farm Foods. To help her know what she is eating I arrange the freezer in a strict order. Due to my clients sight difficulties it is extremely important that I put everything back in the same place.

I then make my way to Quarndon where I help for two hours. My client here is fortunate to have other private cleaners visit throughout the week so I don't really do much cleaning, I often do the ironing, shred paperwork, plump the cushions or clean the oven. Due to the length of time I have been visiting this client we have built up a great relationship and I often share a cup of coffee and chat with her.

My last visit of the day is to Holbrook to visit quite an independent lady for a couple of hours. This client lives in a large house and often has a list of jobs for me to do which include dusting, vacuuming and cleaning her bedroom and bathroom.

I finish a busy day weary on my feet and head home. I see most of my clients on a weekly basis which enables us to build up a great relationship. I don't see this as just a job but a way of engaging and supporting the elderly in my community. The Help at Home service is fantastic and many of my clients would be lost without it.

SOS & AVEDASS

Amber Valley CVS's Signposting or Support (SOS) team provide a range of support to families and children. Amber Valley and Erewash Domestic Abuse Support Services (AVEDASS) support children who have experienced Domestic Abuse. We dealt with over 170 referrals, providing help to families by completing forms, giving information about benefits, local services and community groups and supporting with emotional and behavioural problems.

Christmas 2009 was going to be a very daunting time for one family, the father was a one parent family with 2 young children. The family had no money and the children were told he could not afford any presents. The children accepted this. The father got in touch with us and we were able to give help through the generosity of a local church's congregation who donated vouchers and money to buy gifts and clothes for the youngsters. The local Salvation Army provided a food hamper. The family were overwhelmed with the kindness of people, and said the biggest "Thank You" to everyone involved.

From April 2009 - March 2010 the AVEDASS workers supported children to better behaviour and less emotional upset through various activities such as crafts, painting and drawing. The team have worked with local schools to carry out an awareness program for children in Year 8 (11 - 13 year olds). The comments from the children after the session, have been very encouraging. 25 out of 26 children commented that they would encourage others to tell an adult. Other comments were "Domestic Abuse happens more times than I knew about".

The Looked After Children Workers enabled children to learn new skills and become more independent. 64 young people were supported to access the community, through attendance at local voluntary groups. Trained volunteers have also worked alongside the development workers to provide an enhanced service .
